Last, First¹, Last, First², Last, First¹, **Last, First²**

¹Regenerative Medicine Institute, University of A City School of Medicine, ²Stem Cell Program, University of A City, A City, NY

Abstract text, summarizing use of NYSTEM Institutional Development funding and benefit to institution and to New York stem cell science (maximum of 500 words but not to exceed one page). As applicable, briefly describe major equipment purchased, facilities established, types of investigations supported and important findings, and list all publications and patent applications to which this support contributed.
